

12/12/19

Dear Parents/Guardians.

The sports development committee are currently raising money to develop the sporting facilities in our school. One of our projects is to construct a multipurpose astro facility in conjunction with upgrading the existing changing facilities in the gym. This involves raising a considerable amount of money.

Over the last number of years, we have worked with the parents' council to improve facilities for your daughters in all aspects of school life. This project is part of our plan to encourage students to participate and enjoy physical activity inside and outside the curriculum.

On January 31st there will be a draw for a Toyota Yaris among many other prizes. Tickets are priced at €25. Please see overleaf for further details.

We are asking **all parents** to either take 1 or more books of tickets to sell. If this is not possible, we would be very grateful if all families could purchase one or more tickets. Tickets for a car will make an ideal Christmas gift.

Option 1: I give permission for my daughter to receive a book of tickets (5 in a book) from the Sports Development Committee on the parents/guardian's behalf to sell to family and friends.

Option 2: Include €25 in an envelope if you are willing to purchase a ticket. The ticket will be then returned to you via your daughter. Tickets can also be purchased online @ www.ourladys.ie

Please tick option below that suits you and return to the Sports Development Committee.

We appreciate your support with this initiative.

Yours Sincerely

Cecil Conway

(Deputy Principal)

Option 1:

I give permission for my daughter to receive a book of tickets (5 in a book) from the Sports Development Committee on the parents/guardian's behalf to sell to family and friends.

Option 2:

Include €25 in an envelope if you are willing to purchase a ticket.
